Re: Castor for Congress  
C00410761  
2010 July Quarterly Report (4/1/10-6/30/10)

Dear Mr Kaye,

In response to your letter dated July 29, 2010, the 2010 July quarterly report has been amended. The amendment was accepted on August 12, 2010 and assigned Filing ID # FEC-486931. Additional information regarding the specific items in question are as follows:

1. Contributions totaling \$2,500 from Sam M. Gibbons were allocated to the Primary Election. The excess amount was not reattributed in a timely manner. As such, a refund has been issued to Mr. Gibbons for the excess \$100. A copy of check #1802 is attached for your reference. The refund will be included in the October Quarterly Report covering the period 8/5/10-9/30/10.
2. Contributions totaling \$4,800 received from John W Holloway were allocated to the Primary Election. This was an internal oversight that has been corrected to reflect the second \$2,400 contribution to the General Election. Mr. Holloway is aware of the contribution limits; when he made the second contribution online via credit card, our software imported it as a new contributor record, automatically attributing the contribution as being for the Primary Election. When we noticed the duplicate contributor record, we merged it with the original, but failed to correct the contribution attribution from Primary to General. The amended report reflects this correction.
3. Contributions totaling \$3,000 received from the Robert Wexler for Congress Committee were allocated to the Primary Election. \$1,000 has been was reattributed to the General Election. A letter stating such has been sent to the Committee this week, within 60 days of the 6/30/10 contribution. The amended report reflects the reattribution to the General Election.
4. A payment was made to Joe Garcia for Congress in the amount of \$2,500. \$500 of this payment should have been attributed to the General Election. The classification of the payment has also been corrected so that it is included in Line 21 of the Detailed Summary Page. The amended report correctly reflects these changes.
